Canyon Wash Turned Over To LACFCD For Open Repair

"THE AMERICAN DREAM" and her happy, enthusiastic crew of five. Left to right, Al Mondorf, Rick Jordan, Scott Couchman, John Coyle and Greg Sheppard. The ensemble are presently touring the United States seeing the sights, visiting friends and relatives . . . double-clutching all the way. They plan on being gone a total of 8 weeks, arriving home around Labor Day. To garage personnel, service station and "innocent bystander" query of "you gotta be kidding," these youngsters' infectious enthusiasm is catching.

American Dream Comes True

Five Sierra Madre Boys To See America First!

by NANCY BRYAN

The worldwide known phrase, "The American Dream," signifies a lot to a large portion of this free democracy. Its meaning is endless and its fulfillment brings the culmination of much striving, planning and day-dreaming. Generally speaking, everyone everywhere has some sort of a dream or hope—every group—

Like the Republican Party hoping for a winning combination this year . . . and the Democratic Party hoping for the Republicans NOT to get their dream; and, maybe, your family's "American Dream" is to retire to an island someday, while in the field of medical research scientists and doctors are hoping for a cure or vaccine to such killers as cancer, respiratory disease . . . and on Madison Avenue, a

big company hopes to make advertising history by selling more deodorant than ever before. Maybe your pastor hopes to get to know "Easter Sunday only" attendants much better, while the American people, as a whole, join peoples all over the world with the hope we all, somehow, can learn to live together peacefully or a reasonable facsimile.

Anyhow, the point is, as mentioned before, that all have some dream. Well, it's not much different for five local young men, who all have just completed their first year at PCC. Rick Jordan, John Coyle, Scott Couchman, Greg Sheppard, all of Sierra Madre, and Al Mondorf of Hastings Ranch have wanted to tour the United States for a long time.

Pop Warner Holds Two More Sign-Ups

For any interested and spirited boys whose age goes from 10 to 14 years, and whose weight ranges from 70 to 135 may have time to participate in the only tackle football program in the area. The new youth group, Pasadena Area Junior All American Football, Inc. (formerly Pasadena Pop Warner), will start its season on August 15 at Victory Park at 5:30 p.m.

Sign-ups will be held August 3 and August 10, Saturdays, 10 a.m. to 2 p.m. at Victory Park. The new name now includes Altadena and Sierra Madre, as well as Pasadena.

The former Pasadena Pop Warner football program consists of 10 hours of conditioning before he dons a complete set of equipment and uniform.

He will play under CIF rules and be protected by

City To Receive Many Side Benefits; Save Taxpayers Many Thousands

Work To Start April and Estimated To Finish In Fall

After a lengthy discussion of one hour and forty-five minutes between residents of the Sierra Madre Canyon and the City Council, Councilman Jim Nickoloff made the following motion which was seconded by Councilman Simons:

"That the Los Angeles County Flood Control District and the U.S. Corps of Engineers be given the authority to go ahead with the present plan for the Sierra Madre Canyon, but it must be compatible with the City requirements for: 1. Esthetics; 2. Road; 3. Possible minor construction such as bridges and etc. And further the LACFCD and the U.S. Corps of Engineers, during construction gives assurance that there be no inconvenience to local residents such as excess dust and provide for adequate ingress and egress to their residents and adequate parking for overnight be provided. And further that the City Administrator and other staff representatives be appointed to work out the Council's wishes and act as liaison officers during the project. That consideration be given by the City Administrator and City Engineers for the planning of Sewers, Water Supply and underground utilities."

The project is now in the hands of the LACFCD, who will proceed with drawings and plans which will be under the supervision of the City Council at all times. Work is anticipated to start about April of 1969 and because of the Congress-

Resolutions naming Auburn Avenue as a Select System Street; setting the hearing for the abatement of 718 Brookside Lane and 283 W. Sierra Madre Blvd. set for August 27, and Resolutions adopting the tax rate and setting the amount of moneys to be raised were all given passage.

Ordinance 818 adopting the County Health Code was adopted. Urgency Ordinance 821 and 823 concerning the placement of rubbish containers and the location of trash and rubbish containers on the property was adopted. First reading of Ordinances 820 and 822 relating to the same subject was made, with second reading set for August 13; they will become effective 30 days thereafter, at which time the Urgency Ordinances are dead.

A petition was presented by residents on Manzanita and Orange Avenue objecting to the lot split of 218-238 W. Manzanita Avenue, and the Council was advised that the owner of the property had made application to the Zoning Board of Appeals for a Variance and it would be before them at their meeting of August 1.

Public hearing was held for Weed Abatement with charges for the year noted at approximately \$1806. This is compared to over \$4500 for 1967 and \$19,000 for 1966. All parties were satisfied and billing ordered by the Council. A hearing was also held for Sewer District 91 with all objections both oral and written overruled and the assessments charged the properties involved.

All items on the agenda were completed and the Council adjourned at the hour of 12:15 a.m. to meet Thursday, August 8, at 7:30 p.m.

Tax Rate Set At \$1.642

Thirty days ahead of last year's schedule the City Council of Sierra Madre presented with the Resolution 2427 setting the tax rate for the year 1968-69 at \$1.642 per \$100 Valuation, and passed the resolution unanimously. This lowers the tax rate for the year one half cent and has allowed for many new pieces of equipment and a salary increase for employees.

Also Resolution 2426 was passed by the Council, this resolution set forth the amount of money to be raised by the tax levy. These resolutions will now be sent to the County Treasurer who will, in turn, bill the taxpayer.

He will receive the billing sometime between November 1 and December 1, and his first half payment will be due immediately, and delinquent after December 10. The second half will be due in March and delinquent after April 10.

Sirens To Sound Fri.

Civil defense warning sirens throughout Los Angeles County will be sounded in the customary month-end test of the systems at 10 a.m. Friday, July 26, Sheriff Peter J. Pitchess announced.

The sound pattern, as usual, will be a one-minute undulating sound, he added.

Over 150 students are taking the summer school course to obtain a full year's credit in six weeks.

City To Gain \$20,000 From Tax

News was given the City Council on Tuesday evening by City Administrator Norman Boehm that the new apportionment of the Cigarette Tax had passed the Senate and would now become law.

Previously allocation of this tax revenue was established on the same basis as the Sales Tax allocation. The new distribution established the allocation on the basis of population and will mean an extra revenue to Sierra Madre of approximately \$20,000. This was one of the contributing factors that allowed Sierra Madre to provide new equipment and salary increases to its employees. Assemblyman Lanterman was responsible for putting this bill through for passage.

Abatement of Building To Be Heard Sept. 10

At their Tuesday evening regular meeting the City Council set for abatement hearing for September 10 hearings for the abatement of residential structures at 283 West Sierra Madre Blvd. and 718 Brookside Lane.

It was reported by the various agencies within the city government that these buildings were "out of code" and could not be brought up to code by rebuilding or repair. The Council will pursue abatement at the September meeting.

Fire Call 2:56 AM Sun.

Sierra Madre Firefighters were called into action at 2:56 a.m. Sunday morning to the corner of Grand View and Cañon Ave.

Truck No. 422 arrived in three minutes 45 seconds to find a 1955 Chevrolet fully involved in flame. Engine 424 arrived in five minutes 23 seconds and the fire was completely contained in 7 1/2 minutes.

According to the license plate JXY 211 the car was registered to Phyllis Scott at 150 Orange St., in Goleta, Calif. Later Police reported that the legal owner was a Gregory Ray Lewis, residing at 606 Holly Trail. Lewis stated that the last he knew of the car it was parked at the Cottage Market. The cause of the fire was listed as unknown, however it was possible that a lighted cigarette could have been the cause. Residents at 375 E. Grand View called in the alarm.

Nineteen regular firemen answered the alarm, and were released by Fire Chief Brown at 3:32 a.m. Chief Brown estimated the damage at \$250, and the car was towed away by Bobby Clark Wrecking Service.

Auburn Ave. Select St.

The City Council of the City of Sierra Madre accepted Resolution No. 2425 which set forth from this time on that Auburn Avenue will be included among the Select Streets for the City.

The passage of this resolution does not set forth any work at present, but places it in a category where future planning can be done for the street and use Gas Tax money for future construction. The street will take its place among the priority of repair of select streets.

One Year Course In 6 Weeks

2 Local Students Attend Summer School In Hawaii

Near the sun-filled beaches of Kalapaki Bay and the beautiful valleys of Nulolo, 150 mainland students began their summer school on June 24. This unique adventure is made possible by the Swope Hawaiian Summer School. Here students from all over the United States and several foreign countries will spend six weeks to obtain high school credit in an academic subject plus a working knowledge of surfing, hula dancing, and Hawaiian tradition.

The school chose the Island of Kauai, already famed as the beautiful site of the movie "South Pacific" for its variety of natural marvels and cultural background. Because the mainland students attend school with other youngsters of Hawaiian, Japanese, Chinese, and Filipino ancestry, they have an opportunity to know and appreciate their cultural heritage in a depth no text book could ever offer.

The northern side of the island is made up of five valleys jutting into the sea. Please turn to Page 2

Fire Chief Seeks Your Cooperation

We are now entering into one of the most critical seasons as far as fire is concerned. The amount of rainfall over the past few months has been negligible and far below average. To add to the danger strong north winds have helped to dry brush and timber to an almost unbelievable degree.

In order to aid fire prevention and suppression there are several things the average citizen can do to help. Fire Chief Charles Brown has said that he is very concerned and that he is hoping for full cooperation to see us through this most dangerous period.

You can cooperate by heeding the following steps. 1. Call the fire department promptly at the first sign of fire or suspicious smoke.

2. Do yield way to fire trucks and other emergency vehicles trying to get to the scene of the emergency.

3. Do NOT call the police or fire department to find out the location of the fire. The police dispatcher is also the fire dispatcher in most instances and has her hands full with two radio systems and the telephones.

The dispatcher has been given instructions not to give the location of fire to telephone callers in order to concentrate her efforts on matters of public safety.

4. During a fire emergency in the Canyon, the

Poolman Re-Elected Chairman

Robert Poolman was elected to continue one more term as chairman of the Sierra Madre Planning Commission at its meeting last Thursday night. Commissioner Douglas Berkshire was elected vice chairman.

Commissioner Poolman, in accepting the chairmanship said he wanted to make it clear that he would accept the position for this one additional term but would decline next year, if offered the opportunity to serve. He said he did not want to see the commission return to one-man rule as was the case many years ago.

The only formal item on the agenda was a request by the staff for a decision on the parking layout for the Micro-Metal building on E. Montecito which will soon be in the process of adding on to its present building. The commissioner decided that since the parking was for employees only that it would be permissible to have a 22 ft. wide ingress and egress.

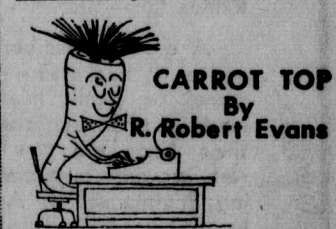

The Master Plan was discussed for the balance of the evening and after a lengthy discussion chairman

TACT Meeting Set For July 31

Rev. E. Freeman Yearling, an ordained minister, outspoken critic of the irresponsible leadership within the civil rights movement, and National Director of the National Negro Congress of Racial Pride, will address a public audience in Arcadia, on Wednesday, July 31, at 8 p.m. at Methodist Hospital Auditorium, 300 W. Huntington Dr., Arcadia.

His subject will be, "Riots — Cause and Cure."

I had an occasion to make a trip to a local hospital to visit a friend over the weekend. While the nurse and doctor were attending the patient, I thought that I would go down to the maternity ward and look over the newest crop of arrivals.

—CT—

It seemed that on this particular day or week they did not have too many residents, and after a look-see I wandered off to the "fathers' waiting room."

—CT—

Here I found two "soon to be fathers" pacing back and forth, meeting each other in the middle of the room, groaning, wringing their hands and resuming their pacing. I stood there several minutes watching them, and finally one of them said to the other, slapping his fist in his hand...

—CT—

"Dad it all, this would have to happen during my vacation time." . . . This of course brought the other one up to an abrupt halt.

—CT—

"Buddy," he said, "you think you got troubles. How about me, it just had to happen on my honeymoon." . . . Well, I raised my eyebrows a mite and got out of there in a hurry.

—CT—

Here's an Old Chinese Proverb that I learned many years ago . . .

If there is righteousness in the heart

there will be beauty in the character.

If there is beauty in the character

there will be harmony in the home.

If there is harmony in the home

there will be order in the nation.

When there is order in the nation

there will be peace in the world.

—CT—

Oh say, about the guy who was on his honeymoon. I saw him down at the corner drug store an hour later; he was the father of a bouncing 7 pound, 6 ounce boy, and he hastened to explain to me that he was on his "tenth anniversary honeymoon" and that he was the father of four . . . That's what I call quick thinking ? ? ?

—CT—

Now here is one that has always kept me baffled . . . A young lady wrote a letter to her pet dealer: "Sir, please send me two mongoses." This just didn't sound right to her, so she changed it to: "Sir, please send me two mongeese."

—CT—

Looking this over for a few minutes, she felt that it was not right either, so she decided to write the letter thusly: "Sir, please send me one mongoose. And while you are at it, also send me another."

—CT—

Almost like the one that we had here in the office a week or so ago. This gentleman came in and wanted to run a classified ad to obtain a woman who could do some sewing for him in her spare time . . . The advertisement started out like this: WANTED WOMAN SEWER.

—CT—

Later on in the day a gentleman came in and he had the following advertisement that he wanted placed in the paper, and it started out . . . MAN WANTS TO LAY YOUR SEWER . . . 'h, well, there are different ways of doing things and there are different meanings to several things that you might do . . . So be very careful of all you do, and more especially the way that you say that you are doing things.

—CT—

Well, we hear by the grapevine that many things are brewing in Sierra Ma-

AT HARTMAN PHARMACY TO SERVE YOU -- OUR RESPONSIBILITY

An APOTHECARY
Rx Weighs & Measures

RxMen fly — literally — to the rescue

A growing number of pharmacists are taking to the air — flying their own planes on public health missions. At least 60 pharmacists who have earned their wings are now members of a fast growing organization called Flying Pharmacists of America and are headquartered in Billings, Montana. Of course membership in this organization is only open to pharmacists who have a pilot's license.

Ray C. Steiner, the owner of the Medical Center Pharmacy in Billings is the executive secretary of the flyers, and he tells us that both pharmacy and aviation are both highly skilled professions, so that the flying pharmacist is in a unique position to render public service. He said the pharmacists have made plane deliveries of vaccines and drugs on numbers of occasions when emergency needs for health supplies have arisen, and also have made deliveries of prescriptions when great distances had to be covered. These flyers have also used their planes in other public health endeavors such as mosquito control campaigns and in surveying disaster areas!

Now we pharmacists at Hartman Pharmacy are not fliers and we can't offer you this kind of service but we do fill prescriptions and take care of all our friends' and patrons' health needs and we are ready to do it at anytime. Our Pharmacy is open every day except Sundays and Holidays from 8 in the morning until 8 in the evening and a Registered Pharmacist is always on call at all time when the Pharmacy is closed. Call us or come in to see us for all your pharmacy needs. It IS our RESPONSIBILITY to serve you, and serve you well.

Martha Nebeker & Anthony dos Santos Exchange Nuptial Vows In July 6 Rites

MRS. ANTHONY DOS SANTOS
... Nee Martha Louis Nebeker

Miss Martha Louise Nebeker of Arcadia and Mr. Anthony dos Santos of Sierra Madre were married Saturday, July 6, at 7 p.m. at the Las Flores Ward Chapel in Temple City. The double ring ceremony was performed by Bishop J. P. McBride.

The bride is the daughter of Dr. and Mrs. Don Paul Nebeker of Arcadia. She is an alumna of Arcadia High School and later attended Pasadena City College. Mr. and Mrs. W. Keith Caldwell of Sierra Madre are parents of the bridegroom. He is a graduate of Pasadena High School and Pasadena City College. Presently he is in the U.S. Air Force based at Vandenberg AFB, California.

The bride, escorted to the altar by her father, was attired in a floor-length gown of white Spanish lace. The Empire bodice featured a high scooped neckline and medium length sleeves.

A chapel-length train flowed from her shoulders with a butterfly headpiece of pearls securing her veil of illusion. She carried a cascade of orchids, white carnations and lily-of-the-valley.

The bride's sister-in-law, Mrs. Vicky Nebeker was matron of honor while the bride's sister, Miss Kathryn Nebeker was maid of honor. Bridesmaids were the Misses Cheryl Eisenbyse, Linda Kirkhorne, Colia Nebeker, Karen Herman registered the guests.

They wore floor length gowns of pale pink crepe with empire bodice of chantilly lace with short sleeves and matching veils of illusion. Each carried a bouquet of pink carnations.

Eric Nebeker served as best man. Ushers were John Potter, John Lambright, Victor Nebeker, Greg Sheppard, and David Pendleton.

A reception was held in the recreation room of the chapel following the ceremony.

After a wedding trip to Carmel and San Francisco, the couple will reside in Santa Maria near Vandenberg Air Force Base.

Mr. Graham Jones is a happy young man. His fiancée, Miss Annette Hughes arrived Thursday, July 11 on a flight from Wales for a two month vacation. While here in "the colonies" Miss Hughes is staying with Graham's family, the P. L. Jones of 193 Ramona. The Jones family, also from Wales, have resided in Sierra Madre for approximately 3 1/2 years. Welcome Annette! Hope you enjoy your stay.

heart of the island. By helicopter these students tour deep into the Nulolo Valley. Often the only accessible way to enter these valleys is by helicopter. This ride is one of the highlights of their stay in Kauai. It is a marvelous contrast to see a school of porpoise maneuvering just beyond the tropical coral of the ocean on your left side and then turning to your right to gaze upon a triple waterfall extending from a thousand foot cliff in one of the lush green valleys of the Napali Coast. After arriving in the valley, each group takes a hike with one of the counselors deep into the center of the valley.

Also, the students visit the miniature Grand Canyon of Kauai, watch the surf spouting at a natural blowhole, try eating poi at a luau and ride down a waterfall to plummet into a mountain pool. And surf . . . and surf . . . and surf . . .

The schools owns and maintains its own amateur radio station and the students can communicate directly with their parents and friends on the mainland with the assistance of "ham" radio operators located in their neighboring community.

Those attending from Sierra Madre include: Julie Graham, daughter of Mr. and Mrs. Russell C. Graham, 250 Monte Vista Lane, and Susie Agee, daughter of Mrs. Joan E. Agee, 102 E. Mira Monte Ave.

yellow color, but, of two shades of blue. These shades of blue and the daisies are after the theme for the wedding decoration of Cheryl's marriage to John Heimbrich.

A lovely flower-like umbrella centerpiece in shades of red, with napkins and corresponding table accoutrements graced the table from which guests were served tiny finger sandwiches, mints, cake and punch. The cake, appropriately enough, was decorated with two large sugar bells and lilies of the valley.

Guests in attendance were: Mrs. Yvonne Osti, Mrs. Betty Heimbrich, Miss Holly Heimbrich (one of Cheryl's bridesmaids); Miss Pam Brousseau of Alhambra (Junior bridesmaid); Miss Edith Pelupessy of Montevia; Miss Rebecca Furman of Altadena; Miss Ann Hassell of Pasadena; Miss Vicki Mikity, Miss Ann Kennedy, Miss Melinda Sailor and Miss Lauri Osti all of Sierra Madre; Mrs. Harold Hilker and the three co-hostesses, Gail Hilker, Ann Nomura and Jewel Johnson.

One of the many cleverly wrapped, or disguised gifts was a broom all "dressed up" like a housewife. Everything that helped the broom look like a housewife was another usable and useful kitchen item to be placed in the Pasadena residence that Cheryl and her fiancé plan to make their home.

Casey-Gallant Wedding Vows Recited In Holliston Ave. Methodist Church

MR. and MRS. BRUCE ALLISTER GALLANT, JR.

... Nee Miss Karen Aleeta Casey
 A reception held in the church lounge at the Holliston Ave. Methodist Church immediately followed the marriage of Miss Karen Aleeta Casey, daughter of Mr. and Mrs. Clark T. Casey of Sierra Madre, to Mr. Bruce Allister Gallant, Jr., son of Mr. and Mrs. Gallant, Sr., of Pasadena.

The Rev. David Deshrer officiated at the 2:30 p.m. ceremony on July 7. The bride wore a lovely gown of white chantilly lace and wore a shoulder length veil held in place by a cluster of chantilly lace petals. She carried a bouquet of red roses and bovardia.

Miss Kathlee Rose Casey, maid of honor for her sister, wore a red gown and carried a bouquet of white gamillias and red roses. (The "gamillia" is a man-made flower, constructed from the gladioli blossoms). Bridesmaids, whose gowns were also red, carried bouquets of white gamillias. Bridal attendants were: Rose Holden and Kathleen Kindrick.

John M. Vander Goore served as best man while Richard Carmichael and James W. Downard, III acted as ushers.

Mother of the bride, Mrs. Clark T. Casey wore a lovely pink lace ensemble for her daughter's wedding, while the bridegroom's mother, Mrs. Bruce A. Gallant, Sr. chose a pale green brocade ensemble. Both ladies wore corsages of baby white orchids.

The newlyweds both attended Pasadena High School and Pasadena City College where they were members of the PCC Lancer Band. Mr. Gallant, with the U.S. Navy is assigned to the USS Chicago and is presently stationed in Long Beach. The new Mrs. Gallant chose a sheath dress of waffle-textured cotton in white with a matching full length coat for her going-away costume.

Cheryl Osti Feted At Bridal Showers

Two bridal showers for Sierra Madreans Cheryl Osti were held the week before her July 20th marriage to John Heimbruch, giving the young bride-to-be a busy calendar.

On July 12, a personal shower given by Susan Andrews (the honoree's sister) was held in the home of Mrs. Louise Stark, Sierra Madre. Games and refreshments were the order of the evening with the latter being served from a gayly decorated table with a paper bride as centerpiece. Guests for the evening were: Yvonne Osti; her mother-in-law to be, Mrs. Betty Heimbruch; Cheryl's maternal grandmother, Mrs. Fred Schweppe of Sierra Madre; Mrs. Beneva Clark of Glendora, cousin to Cheryl's fiancé; Miss Holly Heimbruch, Cheryl's fiancé's sister; Cheryl's aunt, Mrs. Wynne van Citter of Alhambra; Mrs. Shirley Osti and Laurie of Sierra Madre (Cheryl's aunt and cousin); Mrs. Milton Zavick and her daughter, Mrs. Gary Stith, both of Pasadena; Mrs. Milly Harbur, Arcadia; Miss Vickie Mikity, Sierra Madre; Mrs. Eloise Wilson, Sierra Madre; Mrs. Louise Stark; and Mrs. Susan Andrews.

Cheryl was "showered" with many lovely and beautiful gift items.

A few days later, on July 15, a kitchen shower, given by the Misses Gail Hilker, Ann Nomura and Jewel Johnson, three of Cheryl's bridesmaids, helped supply the soon-to-be-weds' kitchen with necessary items. Held in the San Marino home of Mrs. Harold Hilker, the party was a most festive one. Decorating the doorway were two large daisies with centers, not of the usual

Did you happen to read the letter to one of the column advisors in the "big" paper last week from the mudist in Florida? He advised her that he was not a nut or a sex maniac — just a clean-cut red-blooded American boy, who wanted to defend the most misunderstood people in the world.

He spoke of nudism as being one of the great social equalizers in the world. A person really has to depend on his or her personality to be a success and not the cut and quality of his or her coat.

Now he has some points well made. For instance he spoke of the fact that nudists go around as God had made them. True, I have hardly ever seen a baby born fully dressed so he is right, God does create us in our all-together. However, since the days of Adam and Eve history shows us that people have taken refuge behind one kind of fig leaf or another. I, for one, am real glad about that original sin for that reason alone. My idea of fun and social stability is not cavorting around exposing my back side or for that matter any other side to the penetrating rays of the sun or the icy chill of a good northerly wind. No siree, I'd rather be insecure and covered up.

Of course this is stressing the point that this unfettered gentleman was making that most people depend on the artifices to establish their securities. I feel pretty bad about all this but I would truly rather keep the secrets of my extra avoirdupois as well guarded as the military documents. It's hard enough to do anyway in this day and age with the ever shortening skirts and dipping neck lines. The writer of the letter may feel that he is giving his all healthwise by letting the sun warm and heal him but the well dressed scientists warn against over-exposure to ole sol least we end up with a case of sun allergy or even worse, skin cancer caused by those ever-lovin' rays.

Having always been a conservative, both politically and socially I guess I'll just have to mush along fully clothed and just hope that people know that under all that raiment is a warm old gal with an average amount of character and personality in spite of my weakness for creature comforts.

Arturo and Maria Elena Gutierrez no sooner returned from their trip south of the border than they started a "piggy bank" to take them back again.

They went down for a trip with eight of their 11 children encarnavan. Their son Art drove one car and the children traded off between the two cars. Included in the caravan were in addition to Art, Garcia, Guillermina, Elena, Jose Luis, Lettie, Ana Luz, and Tina.

They chose to drive down the west coast route and for any future travelers planning to make that trip, the roads are more than adequate and the Mexican government has provided a new service that guarantees the safety and assistance to any cars in need. They have a jeep patrol that is constantly cruising the highways equipped to help motorists in difficulty. They are radio equipped and on the spot with their assistance.

Although the family visited many towns along the way their main stopping points were in Leon where they visited with Maria Elena's sister and brother-in-law and family, Mr. and Mrs. Pepe Madrigal. From there they were able to make several side trips to some of the different points

of interest. She told me of one little colonial city nearby that has maintained the old world feeling with the cobblestone streets and even a bonafide stone castle which has been kept in its original state except for the addition of bathrooms with every bedroom. It has been turned into a hotel where the visitor can take a trip back in time and enjoy the gracious living of the dons of old. She said it is such a lovely place with lush tropical and plantings.

They visited Mazatlan going through the lush Mexican desert to arrive there. San Miguel, which is like a story book city and almost our 52nd state. It is almost entirely inhabited by retired Americans but there too they have kept the old colonial atmosphere. They thoroughly enjoyed Mexico City and the preparations that are being made for the coming Olympics to be held there.

The Mexican government is being very strict in their regulations about the preservation of the cities of Mexico and will not allow any drastic changes that would destroy the old world charm. Where there are cobblestone streets they will stay without any repave-ment. Unlike so many foreign countries, the Mexicans welcome the tourists and do everything possible to provide for their comfort without overcharging them. They are warm and hospitable and court your return.

Mrs. Gutierrez said that their only unpleasant incident in the long, long trip happened right here in El Centro where they ran into a flash flood and the V.W. was washed very nearly off the road with no damage to the car or its passengers.

Julianne Moffat, 9 year old granddaughter of Jim and Barbara Heasley is really having a marvelous time while visiting her Heasley grandparents. A couple of weekends ago they went to Big Bear, where Jim and Barb have a trailer, where a pretty full two and a half days were spent. It was a first in several recreational phases for Julie — mini-bikes, and miniature golf — with a hole-in-one. There was even time for some shuffle board. Saturday night dinner out on the town was also on the agenda as was some visiting with Jim's cousins who happened to be "vacationing" at Big Bear at the time. Some fun, huh, Julie? Grandparents are ok, right?

 Mr. Frederic Metzger jetted out from his home in New York City, New York to visit with his son, Albert Metzger and family of 380 Olive Tree Lane. Not a first time trip to California, Mr. Metzger arrived last week and is scheduled to spend several more weeks visiting here.

Attorney Louise
Gelber Elected
To Speaker Group

Election of Louise C. Gel-
ber of Arcadia to mem-
bership in the International
Platform Association was
announced this past week
in Washington, D.C.

The announcement was in
a joint statement issued by
Dan Tyler Moore, director
general and Board of Gov-
ernors chairman, and John
Morley, IPA president, as
the organization's 1968 con-
vention opened at the Sher-
aton Park Hotel.

Mrs. Gelber is an attorney
in El Monte. A member of
the American, California
and Pomona Valley Bar As-
sociations, she has been ad-
mitted to practice before the
Supreme Court of the
United States.

Election to IPA is the
latest in a series of honors
bestowed upon Mrs. Gelber,
who recently was given the
El Monte-South El Monte
Chamber of Commerce
Award of Honor for her
community service. She is
listed in "Who's Who of A-
merican Women" and will
be included in the forth-
coming "Dictionary of Inter-
national Biography," whose
directors awarded her their
Certificate of Merit for her
civic achievements and
leadership. She is chairman
of the Chamber's Speakers
Bureau.

The 65-year-old IPA is an
organization of distin-
guished and dedicated per-
sons from all over the
world. Its members have
been instrumental in better-
ing the quality of the A-
merican platform not only
as it applies to booking of
celebrities as speakers but
also as it relates to the im-
portant field of school as-
sembly programs available
to children.

Sierra Madrean
Elected As
Dist. Governor

Thomas R. Suttner, 560 E.
Montecito, has been elected
district governor of Serra
International, a world-wide
organization of Catholic
laymen who encourage vo-
cations to the priesthood.

Suttner has been active
in the 13,000 member or-
ganization for many years.
He will serve as governor
for Serra International Dis-
trict 4 which encompasses
the archdiocese of Los An-
geles, Diocese of San Diego,
and Las Vegas, with clubs
in East Los Angeles, Las
Vegas, Los Angeles, Pas-
adena, San Diego, and
Orange County. As district
governor, Suttner will help
coordinate the activities of
Serra Clubs in this terri-
tory for a term of two years.

Serra was founded in
1935 by four Seattle busi-
nessmen who recognized
the need for a distinctive
organization of laymen who
would assist the church and
encourage mutual under-
standing of its members.

Our prayers and best
wishes for a speedy re-
covery to Mr. Louis F. Kim-
ball. Mr. Kimball has re-
sided in Sierra Madre about
30 years. Checked with his
daughter, Mrs. Henry Evans
of Harding Ave. in Altadena
and Mr. Kimball, recuperat-
ing from a heart attack, is
at the Park Marino Conval-
escent Hospital in Pasadena

just a night's delay in their return.

Their daughter Guillermina chose to remain with her aunt in Leon for a little longer visit before returning to her position here in Los Angeles.

Jill Hansen has been the guest of honor at several showers in the last couple of weeks preceding her August 3 wedding. Mrs. Jack Hansen of Landfair had a miscellaneous shower and luncheon. Mr. and Mrs. Noel Hatch had a group in for a family barbecue; Joyce Goudge and Linda Rees, two of her bridesmaids, had a group of Jill's high school friends in for a miscellaneous shower at Joyce's Carriage House Road home; Mrs. Henry Marcheschi and Mrs. Ernest Reed had a

beautiful kitchen shower at the Marcheschi home on Star Touch; Mrs. Maxine Gibson and her daughter, Gigi had a personal mother-daughter shower at their Crickwood Path home; and on August 1 Dr. and Mrs. Robert Ashby and Mr. and Mrs. Les Glaugue will have a patio supper that will include friends and both the Hansen family and the Zundel family.

In the meantime the Hansens were able to sandwich in a party honoring Mr. Carl Lynch and his wife Brenda. Mr. Lynch has just been chosen by New York Life for management training and will be leaving Mr. Hansen's office.

Those invited were Mr. and Mrs. Bert O'Neil, Mr. and Mrs. Loren Robinson, Mr. and Mrs. Bernie Nestor, Mr. and Mrs. Jack Mowry, Mr. and Mrs. Gary Robinson, Mr. Frank Gleberman and Miss Ann Eggerton, Ann Yamoguchi, Marilyn Vlachich, Gina Fowler, and Jill, Jane, and Rocky Hansen.

Services Held For F. H. Baumeister

Funeral services were held for Fritz H. Baumeister, 90 Monterey Lane, Wednesday morning in the chapel of Mount Olivia Passionist Fathers' Home. The Rev. Thomas O'Malley celebrated the Requiem Mass.

Mr. Baumeister, who was 85, died July 15 at a local hospital, following a long illness.

He is survived by his widow, Elinor, a son, H. Bruce Baumeister of Beverly Hills, two daughters, Mrs. Ernest P. Maurin Jr. of Pasadena and Mrs. Don H. Jackson of Council Bluffs, Iowa; eight grandchildren and four great-grandchildren.

A retired wholesale salesman, Mr. Baumeister came to California with his family in 1936 from Council Bluffs where he formerly made his home. He was born March 30, 1883 in St. Louis, Mo.

Interment was in Resurrection Cemetery in San Gabriel.

Campion-Kehoe Wedding Held At Monastery Chapel Sat., July 13

MRS. PATRICK HENRY KEHOE

... Nee Christine Campion

Miss Christine Campion was married to Patrick Henry Kehoe at the Passionist Fathers' Monastery Chapel, Sierra Madre, on Saturday, July 13. A reception followed at the home of the bride's parents Mr. and Mrs. Paul E. Campion.

The bridegroom is the son of William Kehoe of Ventura, and Mrs. Jean K. Kehoe of Hollis, New York.

Maid of honor was Miss Kitty Campion and the bridesmaid was Molly Campion, both are sisters of the bride. Best man was Robert Shurman of New York and ushers were William Kehoe, Robert Kehoe and Frank Quigg, all cousins of the bridegroom.

Christine is a graduate of UCLA and Patrick is a graduate of Ricker College, in Maine, and received his master's degree at Syracuse University, New York.

The bridesmaids' gowns were pale green with daisy trim in lace. The church was decorated with white and yellow daisies.

State Board Hires Youth

"Thirty youths have been hired under the Board of Equalization's Youth Summer Employment Program," announced Richard Nevins, Board chairman.

"As part of a nation-wide program of hiring young people for the summer months, we have recruited from economically disadvantaged areas or from those requiring financial help during the summer in order to continue their education."

"It is the aim of the program," Nevins noted, "to benefit both our agency and the young people employed. Their work assignments are generally in the area of clerical tasks, but wherever particular talents are in evidence, an attempt is made to utilize these talents to the fullest."

Hired for both the Property and Business Tax Divisions, 14 of these young people are in the Southern California Board of Equalization offices.

Strike out on your own—it is up to you to make your own mark in the world.

'Cronyism' and the Court

In nominating Associate Supreme Court Justice Abe Fortas to succeed Earl Warren as Chief Justice and Federal Judge Homer Thornberry of Texas to become an Associate Justice of the nation's highest court, President Johnson has struck at the concept of an independent judiciary.

Under the balance of powers concept written into the Constitution, the Executive and Judicial Branches of the U.S. government are supposed to be independent of one another. But Mr. Johnson, by seating two longtime political cronies on the Supreme Court would exercise an influence on the character of court decisions long after he left Washington and went back to the ranch.

While not a "lame duck" in the strict sense (as he hasn't been defeated at the polls), Mr. Johnson in a general sense belongs to that political category. He declined to seek reelection because he recognized that he had lost popular support and could not win in November. He obviously intends to be the kingmaker at his party's presidential nomination convention. It seems improper that he also should be a shaper of the Supreme Court for years to come by action in the final months of his office-holding.

With respect to Justice Fortas and Judge Thornberry, it is sufficient to note that they have been close political associates and allies of Mr. Johnson for many years. Mr. Fortas demonstrated great skill in getting Mr. Johnson out of tricky situations, such as the embarrassment that resulted when a top White House aide under the Great Society was involved in a particular messy morals case. This skill, while useful to politicians, hardly seems to qualify Mr. Fortas to elevation to Chief Justice. Judge Thornberry's principal attribute seems to be loyalty to Mr. Johnson, which is a quality greatly admired in political circles. Again, that quality doesn't mean a man is well suited for the Supreme Court, where he will be helping decide constitutional cases.

In defending Mr. Johnson, some persons have said that other Presidents made last-minute judicial appointments when they were clearly out of favor. This may be so, but it doesn't constitute justification of Mr. Johnson's nominations. Because other Presidents were in contempt of the public will is no cause for accepting such contempt in 1968.

Basically, contempt is what's involved. On all sides there is dissatisfaction with the Johnson administration. There also is profound dissatisfaction with the Warren Court and the ultra-liberal tack it has taken. In November, the American electorate will go to the polls. A new President will be chosen. The election will determine the outlook of the nation. It is only reasonable that the new President, to be inaugurated next January, be allowed to exercise the right of nomination with respect to vacancies on the Supreme Court. If this procedure were followed, the will of the American people would be more accurately expressed.

Unfortunately, Mr. Johnson, while unwilling to exercise presidential leadership to win the war in Vietnam and end the slaughter of American youth on the battlefield, is eager to continue to do political battle for the Great Society and apparently a radical, activist philosophy on the Supreme Court. He is determined to carry on the Earl Warren tradition of judicial twisting of the Republic by naming Justice Fortas Chief Justice of the United States. In short, Mr. Johnson is carrying out his own version of a court-packing scheme.

The Warren Court has cruelly distorted the Constitution and laws of the United States since 1952. It has given criminals a mandate for anti-social action, allowing them to hide behind technicalities. It has deprived the states of authority over education that they traditionally enjoyed. Civil disobedience elements have been given free reign to trample on the rights of the law-abiding majority. Laws to control subversion have been struck down or crippled by action of the Warren Court.

The American people have had enough of the Warren Court. They do not need a Fortas Court that follows in its footsteps. What is needed is a truly independent judiciary that recognizes the limits of federal interference with the rights of the states and individuals, a Supreme Court that will uphold law and order and deal firmly with challenges to the security of the United States. Nothing in the record of Messrs. Fortas and Thornberry encourages fair-minded citizens to believe that their elevation would result in a safeguarding of the principles on which this Republic was organized. It is understandable, therefore, that some members of the Senate plan to engage in extended debate to block their nomination.

It's Fire Time

The pall of smoke that has covered so many areas of the state, especially in Northern California, is a dark warning flag to all of us, wherever we live.

It's fire time. Forests, grasslands, adjacent residential areas are endangered by the ever-present threat of fire. Some of these blazes start from natural cause and there isn't much that can be done to ward off lightning. Carelessness, however, is a major cause of the summer infernos that plague the state, and there is something we can do about that. So let's do it!

'She Didn't Want To Go'

The classical definition of liberalism is grossly distorted in the belief of many of the new-style liberals that government is the friend and protector of the people.

Mr. James H. Lorie, Professor of Business Administration at the University of Chicago, takes exception to the new liberalism: "The Constitution of the United States was based in part on the belief that people needed protection . . . from the government, and that free, competitive enterprise was the most efficient engine for promoting the public good . . . the intellectual climate of this country placed the burden of proof for the necessity of interference with the market process of those who would interfere. Interference was presumed to be an error unless an overwhelming case could be made for it. In the present intellectual climate, the reverse is probably true — actions by the government to regulate business are presumed to be beneficial and the burden of proof is on those who oppose."

The Professor then compares the tender concern of the consumer to the Boy Scout who came to a scout meeting with a black eye. The scout explained that he had tried to help a little old lady across the street. "How in the world," asked the scoutmaster, "could you get a black eye doing that?" He replied, "She didn't want to go." It could be that the people do not wish to go where the new liberals are leading them.

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

What has your dollar over a barrel and you in one — because you can't afford to wear anything else? The answer is inflation and taxes.

As high as taxes are, they don't cover all the costs of government spending. In other words, government spending and taxes are not in balance. Yet the government continues spending beyond its means (deficit spending) which lowers the value of your money (inflation). So you don't get full use of the money you earn because of TAXES on one end and INFLATION on the other.

Government spending means taxes which reduce the amount of money you take home. It is interesting to note that 52.7 per cent of all individual income taxes paid come from people with annual incomes between \$5,000 and \$15,000.

Deficit spending feeds inflation which lowers the purchasing power of your money. One reason for inflation is that the government turns its bills owed into cash. You say that is impossible? Believe me it is being done every day slicker than pulling the rabbit out of the hat.

Here's how it works: 1. When the government spends beyond its income . . . 2. the treasury issues IOU's. 3. Normally part of the IOU's are used by the Federal Reserve to increase lending limits of the banking system. 4. THIS CREATES MONEY OUT OF DEBT! This has been going on for years — thus contributing to inflation!

If this keeps up, you may go broke paying taxes, or our money must bust due to inflation! So . . . to keep taxes in line and stop inflation, the government must economize, and here's how it can be done! 1. Set a priority for spending that relates to income. 2. Determine which existing programs can be dropped or cut back regardless of how much we would like to afford them all. 3. Evaluate all proposed programs in terms of value received. That makes sense . . . doesn't it?

If we citizens and voters continue to tolerate unwise and wasteful government spending, we are to blame! Many of you ask: "But what can I do?" You can help arouse others to the situation. Tell them about it. Urge them to spend a little of their time acquainting themselves with the facts. Write their Representatives and Senators. Let them know their feeling about the government's need to economize.

Remember the words of George H. Mahon (D. Tex.), chairman, Appropriations Committee, House of Representatives: ". . . control of public spending rests with the people who create public sentiment and elect officials of Government . . . Congress is not going to practice restraint unless the message comes through loud and clear from the people . . ."

—Thanks to Coast Federal Savings.

James H. Clark stood shoulder-deep in the freshly dug trench, sighting down the line of black sewer pipe he had just laid between two rows of Resurrection City's plywood shacks. Clark is a licensed plumber with his own business in Washington.

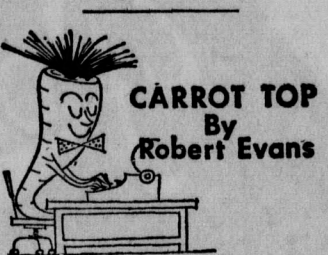

He was doing the work free and asked the encampment officials about the

possibility of help. No volunteers came . . . From time to time a group of men would gather around the ditch and watch Clark work. Once Clark looked directly at a big man who seemed to be a leader and asked him to get some help and begin filling the trench behind them. The man looked surprised. "Brother, I came down here to get away from shovels," was the reply.

There was more to this account of how a hard-working Negro plumber came face to face with the residents of this shack town on the banks of the Potomac and found not one single person willing to lift a finger to help himself and others.

Until the evangelic libertarians realize that there never was any such thing as a "free lunch," there will be people who say, "Brother, I came down here to get away from shovels."

—Thanks to the Washington Evening Star.

dre, such as a new 76 service station at the corner of Baldwin and Sierra Madre Blvd. Some changes in the Richfield service station across from the Post Office came August 15.

We do not know what will happen with the space left vacant by the tearing down of the old building on the corner of Baldwin and Sierra Madre Blvd., but we did hear from a very good source that the old hotel is in escrow, that it has been sold, and the buyer has ideas of refurbishing . . . into a hotel.

We do know that several properties in that same vicinity have changed hands over the past couple of months . . . so, someone must have some ideas.

Do not be lulled to sleep in the Sierra Madre political field either . . . things are on the stove and they are simmering. Look for the pot to get hotter and hotter within the next couple of months, may be brought to a full "boil" within six weeks . . . little things are happening . . . believe me . . . the "black hats" are only playing possum, but every once in a while several of us can see the "eyelids twitch" . . . they are definitely not dead, don't you ever believe it.

Now let's close up the column for this week with a little humor and leave you with a smile. There is too much trouble and worry around nowadays and a moment or two spent smiling will do all of us some good . . . anyway . . .

An Indian petitioned a judge of an Arizona court to give him a much shorter name. "What is your name now?" asked the judge.

"Chief Screeching Train Whistle," said the Indian. "And to what do you wish to shorten it too?" asked the judge . . . The Indian folded his arms majestically and grunted, "Toots."

So there you have it . . . toot, toot, toot, I hope, I hope, I hope.

Out of the Cobwebs

Sixty Years Ago:
July 24, 1908

Mr. A. Gansett suffered a broken arm yesterday, the result of the ladder breaking while he was picking fruit at his home on Central Ave.

Forest fire between the West Fork and the Big Santa Anita Monday called for some hard fighting by all the men who could be secured for the work. At the time the fire started Ranger Johnson was absent and his sister took charge till he could arrive. She summoned all available men from Mt. Wilson and the nearby camps and put them to work. The flames were brought under control after they had burned over several hundred acres.

Gilbert Wright threw a scare into his parents and caused several other people a lot of worry by taking an excursion to Long Beach on his own account yesterday, without permission. He rode his wheel, returning this afternoon, much to the relief of his mother, who remained at home while his father went to Long Beach in search of the lost boy.

Mrs. L. A. Edwards has rented the Burrell house on Esperanza Ave., through the Mead agency.

The News is informed that Mr. F. R. Yerxa has no objection to the boys swimming in the irrigating reservoir on Arbalita ranch. However, he wishes it understood that he will not be responsible for any accidents which may result from it.

Mr. Thomas Hoey and son, Mr. Russell Hoey, of Pennsylvania, are visiting Mr. Hoey's sister, Mrs. Miller, of Grand View Ave.

Mr. C. H. Perry returned Monday morning from the beach. He was accompanied by Mrs. Perry and son Hall.

Box Seat. 2¢

Nothing beats the excitement and thrill of getting out to the ballpark and rooting for the home team. But when the team's on the road, or the game is sold out, there's still major league action in your living room.

That tight race for the pennant and the personal

battles for MVP are right there on your TV set. Because of today's biggest bargain...electricity...you'll have the best seat in ballparks all over the country. And it costs you so little. About 2¢ per game for the electricity your set uses.

Only electricity does so much for so little.

Charity Ball Set For Oct. 5

A Charity Ball which will be held at The Volksgarten to raise funds for retarded children was announced recently by Dr. George Haynes, Grand Commander of Aben Zoar Caravan of the International Order of the Alhambra. Dr. Haynes stated that the ball, which is open to the public, will be held on October 5 and that all proceeds from the ball will be donated to the Retarded Children's Association of San Gabriel Valley. The announcement was made simultaneously with the presentation of a \$100 check to Fred Reis, vice president of the Retarded Children's Association. Help for physically or mentally handicapped children has long been a goal of the Order of the Alhambra and the local Caravan has pledged their continued support to the Retarded Children's Association of the San Gabriel Valley. Aben Zoar Caravan draws its membership from the San Gabriel Valley, Pomona Valley and Whittier areas.

Fred Reis, the vice president of the Association, explained that they have been active since 1955 and now have four centers in the Valley. The Centers are located in San Gabriel, Covina, Monrovia and La Puente. The Association is a non-profit parent-cooperative with the purpose of training and educating mentally retarded children who are not acceptable in public schools. The Association recognizes that these children have special problems needing special education with the personnel displaying particular aptitude for the retarded. The children are taught practical concrete things to help give them individual acceptance and social adjustment, as well as academic training within their natural limitations.

Reis said that those desiring to turn to Page 13

Terence Kessock Given Honors

Mr. and Mrs. John Kessock of 215 E. Montecito Ave., have just received the awarding news that their son, Terence, who is stationed at Fort George G. Meade, Maryland, with the 6th Armored Cavalry Regiment was selected as the 1st Squadron Trooper of the month for the month of June, and has been promoted to Specialist 5.

The following letter of commendation was presented to Specialist Kessock by his Commanding Officer, Colonel Clayton N. Gompf: "I take the opportunity of commending you upon your selection as the 1st Squadron Trooper of the Month for the month of June 1968. Your selection was in competition with outstanding enlisted personnel from all sections in your troop and all troops within your squadron."

"The criteria used as a basis for your selection indicates that you are professionally qualified in your field, that you possess an exceptional degree of military and non-military knowledge, and further indicates that your personal conduct is above reproach."

"I wish to congratulate you for attaining this distinction and wish you continued success in any future endeavor."

The commendation continues to extend sincere congratulations for a job well done in the service of the country and states that Specialist Kessock's "accomplishments reflect great credit upon himself and the Fighting Sixth."

Terence's dad stated that he is delighted with his son's achievement during his brief year and a half in the military service and he hopes that Terry will complete his education after serving his tour of duty with the Army. Prior to entering the Army, Terry attended Brigham Young University for over two years.

Alpha Phi Chapter Chooses Delegate

The Pasadena Alumnae Chapter of Alpha Phi Inter-Margaret Lindley Ballan as their official delegate to the 47th biennial convention which was held June 19-24 at Grand Bahama Hotel in the Bahamas.

Margaret attended the University of Southern California and was a member of Beta Pi of Alpha Phi. Her college activities included membership on various Class Councils and Standards Chairman for the sorority. Since graduation, Margaret has been a busy wife and mother.

Recently she returned to California State College at Los Angeles and obtained her teaching credential. She is planning to teach during the coming school year in Arcadia. As a member of the Pasadena Alumnae Chapter she served as president and Panhellenic delegate. Mrs. Ballan is the wife of John Ballan. The Ballans have three children.

Rainbow Girls Host Official Officers Visit

"In the Good Old Summer Time," was the happy theme, planned by Mrs. Vinita Howard, Grand Deputy and the Rainbow Girls from the 63rd District, for the Official visit of the Supreme Worthy Associate Advisor and the Grand Worthy Advisor of California on Monday evening, July 15, at the Masonic Temple in Rosemead.

Following a most successful evening exemplifying the work of the Order, a very beautiful and appropriate skit, featuring lovely picture hats depicting the Degrees of the Order and worn by the girls, was presented for their enjoyment.

Miss Dorothy Kapitlan, Worthy Advisor of Rosemead, Miss Bonnie McGuire, Worthy Advisor for Temple City and Miss Nancy Cannon, Worthy Advisor of Arcadia Assembly presented a most amusing skit, featuring a little boy, complete with fishing rod and a can of worms, who found a watermelon patch and was discovered there by three girls, helping himself to a watermelon.

The honored guests for the evening were: Mrs. Florence McDonald, Supreme Worthy Associate Advisor of Supreme Assembly International Order of Rainbow For Girls and Supreme Inspector in California and Miss Gayle Marsh, Grand Worthy Advisor in California.

Cub Scout Pack 390 Names New Committees

Mr. Lewis T. Watanabe of 160 E. Grand View has volunteered his services to act as committee chairman for Cub Pack No. 390 during the 1968-69 chartered season and held his first meeting recently at the Park House where he announced the following parents would hold various positions on the committee: Mr. Stanley Walters, institutional representative; Mr. Jack Kessock, Cubmaster; Mrs. Joanne Crowder, treasurer; Mr. Ronald Smith, Webelos leader and assistant Cubmaster.

Also Mr. Ralph Foley, advancement chairman; Mr. Andy Anderson, inspection chairman; Mr. Denis Thatcher, Pinewood Derby and Space Derby chairman; Mr. Joseph Banis, sustaining membership chairman; Mr. Charles Norman, fund raising chairman; Messrs. Virgil Archambault and Jim Germain, telephone chairman; Mrs. Kathleen Acton, publicity chairman; Mrs. Jo Kessock, den mother coach; Mrs. Donna Shropshire, Mrs. Joyce Watanabe, Mrs. Irene Krol, Mrs. Sally Jordan, Mrs. Jean Small-don and Mrs. Barbara Waychoff as den mothers.

Vacancies still existing on the committee are secretary, Webelos Chief and Assistant Cubmaster, Blue and Gold Dinner chairman, outings chairman and Scout-rama chairman, and there is always a demand for Den Mothers. A Den Mother training course is given periodically through the Boy Scouts of America Headquarters.

Mr. Watanabe announced that 34 boys have already registered in Pack No. 390, which is high for this time of year. The Pack will hold its annual round-up in late September and October and it is expected that the enrollment will increase to approximately 70 boys. Mr. Watanabe also stated that activities will continue through the summer in an effort to obtain the summer activities award for the Pack. In this connection the Pack participated in the hometown fourth of July parade and pictures of this event are available.

Immediately after the parade the Pack met on the west side of the pool for a short presentation of awards and an Independence Day program which was prepared by Mr. Germain. Mrs. Watanabe is continuing regularly scheduled den meetings for the boys assigned to Den No. 5.

The Webelos Den, under the direction of Leader Ron Smith and Cubmaster Kessock, spent an overnight at the beach at S. Carlsbad last weekend. The boys had fun preparing their meals outdoors and sleeping in the sleeping bags under the stars on the beach. All enjoyed swimming in the ocean and aside from perhaps a little overexposure to the sun the outing was a tremendous success and the boys are looking forward to more overnights. Worthy of mention, these boys will be advancing into Boy Scouts this coming year.

Olympic Game Materials Now On Display

The nineteenth modern Olympic Games will be held in Mexico City this year from October 12 to October 27; to highlight these events, a special exhibit of materials relating to the Olympic Games is now on display at the Sierra Madre Public Library.

The collection, made available through the courtesy of the Helms Athletic Foundation of Los Angeles, includes posters, Olympic medals, programs, postage stamps, and books. It provides a capsule history of some of the pageantry and color associated with these famous games since their modern revival in Athens in 1896.

The United States government does not subsidize the U.S. Olympic team; its expenses are covered by private donations. The Helms Athletic Foundation, a non-profit corporation, is coordinating the effort to raise Southern California's quota of \$100,000. Contributions to the U.S. Olympic Fund are tax-deductible.

As Hank Ives Sees It

Sierra Madre's Tournament Play Teams have all been knocked out of the running. Colt League, managed by Joe Grippi, was defeated by Arcadia after winning one and losing one. The Pony League All-Stars managed by Don Bradley, lost their second game to San Marino in an exciting 6-5 finish with bases loaded. The 13 year old Pony players, managed by Ben Schmidt, lost to Duarte, 7-4, beat Azusa 4-3 and lost Saturday in a game highlighted by a home run by Reese Allen. Bob Jones' Little League All-Stars, playing in a single elimination tournament, won one and were defeated by Pasadena Americans on their home field 9-8.

This exciting game included long home runs by Alan Nielsen and Andy Krol.

The annual baseball picnic, which will honor boys and managers, will be held Sunday, July 28, at 2 p.m. in Sierra Vista Park. Admission is 50 cents per family plus one hot dish and one side dish. Picnic chairman Doris Bradley invites all interested people and asks that you call her at 355-8602 and let her know that you are coming.

Teach your children to be safety-minded — otherwise, they have to learn the hard, dangerous way.

TRANSIT TOPICS

Here and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

by

ARTIE DEE

Transportation Editor

It has been my pleasure these many weeks (almost 50) to write this column, and I want to share some interesting facts I have discovered. First of all, I never knew so many wonderful people rode buses; warm, friendly people, who ride RTD daily. Secondly, your remarks and questions to this editor have been heart warming, to say the least. Last, but not least, there seems to be a genuine interest in public transportation in this area. As we look for the future, it seems apparent to me that Rapid Transit has to be the answer. I have available an informative, timely folder on Rapid Transit that is yours for the asking. Send for a copy along with your map. I know you will enjoy it.

Several rare and interesting animals have been added to our own Los Angeles Zoo for your viewing pleasure. A scimitar-horned oryx, for example, and if that don't stop you, how about a melancholy monk saki? Would you believe three African primates, two spot nosed guenons, and a baby baboon. All of these creatures, plus 3,200 more, are a good indication you'll enjoy yourself if you go. One real good way to get there is by RTD bus, especially if Dad's got the car, or for one reason or another, you don't drive. Even if you drive, it's still a good way. RTD line 23 goes within a short distance of the main gate. Many lines to Hollywood, Glendale, Eagle Rock, Pasadena and Los Angeles, plus the San Fernando Valley, transfer to the Zoo bus. Plan to take the kids soon.

Don't forget the Disneyland and Knott's Berry Farm summer service, leaving from the new terminal (6th and Los Angeles Streets) hourly, seven days a week. Have dinner at Knott's and enjoy an evening at Disneyland. Send for a timetable and map today.

Q. Please give me information on bus transportation to Long Beach from San Gabriel. I want to attend a Sunday picnic in Long Beach. Mrs. L.O.

A. Catch the 63 bus on Garvey to Garfield and change to the 61 line to Long Beach. I'll send you both timetables, because Sunday service is not as frequent as weekdays.

Q. Where can I purchase a monthly pass in the West Covina area? Mrs. M.J.

A. The El Monte Station sells them, or the RTD Terminal in Los Angeles.

Q. What bus can I catch to go to Mt. Sac? I will be attending the fall term. I live in Azusa, almost in Covina. Miss T. L.

A. RTD does not operate a bus to Mount San Antonio College, but I understand the College operates buses for students. Check with the Student Office.

Q. Not long ago, I read of a new Marineland service by RTD. What is the service and how could I use it from Pasadena? Miss L.L.M.

A. You read it in my column and I was telling about the 125 line from Los Angeles Terminal to Marineland, 7 days a week. From Pasadena, you should catch the 70 or 71 bus to 5th and Spring. Catch the 125 line going west on Spring. If you prefer, get off at 6th and walk east to the terminal (one block) and board the 125 there. I'll send you timetables and map.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

SPORTS

AS
Hank Ives
SEES IT

SPORTS SMORGASBORD...
GIVE 'EM ANOTHER COUPLE of weeks and the summer Albacore run should be in full swing. Hot diggies.

MONROVIA'S MIKE KENDALL was a stickout in the recent high school All-Star Game at the Forum. Mike scooted and darted around the bigger opponents, set up what few plays the losing CIF team tried and tallied 21 points. At 5-10 there was only one player on the court smaller than Kendall.

THERE IS A FELLER strutting around town poppin' his buttons over the recent pitching feats of his son. George Throop Jr. fired a no-hitter and struckout 15 batters while leading the Pasadena Post 13 Legion team to a 7-0 win over Pomona recently. Les Moseley and Rick Still were the big boppers. Throop is the son of Big George Throop, the sand and gravel man who is very active in civic affairs around Pasadena.

DIAMOND DIGGINGS... Joe Adecock is no longer considered a sure thing for the new Seattle managerial job. Same goes for Gene Mauch at San Diego. Mauch's salary would probably be too high for an expansion team... Is Vin Scully really thinking about quitting the Dodger broadcasting job at the end of the season? That's the red-hot rumor going around town... Buddy Blattner seems to be in the same situation with the Angels.

JOKE TIME: The trainer told the owner the horse was ready and advised a sizeable wager. The owner bet a bundle and the animal developed a serious case of the slows and finished a highly distinctive last.

After the race the owner went to the trainer and said, "The way to cure that bum is to put a little piece of lead in his ear."

"How," the trainer asked, "would I get a piece of lead in his ear?"

"With a pistol," the owner replied.

CONGRATS TO MACK ROBINSON who recently accepted a post as director of equal opportunity promotions at Helms Bakeries and Foundation. Good timing for the silver medalist in the 1936 Olympics. Incidentally, brother Jackie Robinson suffered a slight heart attack while playing golf but it isn't expected to keep him down.

ROGER FREED who was a big sticker last year at Mt. San Antonio is burning up the California League. He has 17 homers and a lofty .328 batting average... Arcadia's Dan Walton has 9 homers in the bag and 37 rbi's but his avg. has slipped to .258 for Dallas-Fort Worth... Another Arcadia product, John D'Auria, has a 1-2 hurling record for Dubuque... Duarte's football and base-

ball great, Jackie Adams, is off to a slow start with Durham, N.C. Adams signed a pro contract last year just too soon to allow him to participate in the San Gabriel Valley High School All-Star contest.

IF TOMMIE SMITH carries out his threat to boycott the Olympics, will he go ahead and commence his career in pro football. He belongs to the Rams.

IT HAPPENED A YEAR AGO... Dick Williams was the toast of Boston and the darling of the notorious Beantown scribes. Popular managers in that town were few and far between.

Don January won the PGA title in playoff with Don Massengale... Dave Bailey of Toronto became the first Canadian to run sub four-minute mile with 3:57.7 effort... Sam McDowell brought his major league leading strikeout total to 1,000 with 4-0 blanking of New York... Red Ruffing, Lloyd Waner and the late Branch Rickey were formally installed in Hall of Fame... Boston won 10th straight to keep pressure on league leading Chicago, while Cards led Cubs by just one game...

JOHNNY MCKAY may not be any great shucks as a golfer but doesn't do too bad in the football coaching business. As a golfer Old Hankus managed to remove a couple of bucks from the rojan mentor in the recent Chuck Coury tourney at Mesa Verde in Costa Mesa.

As a recruiter McKay managed to land a lad named Jim Jones who can throw a ball 50 yards while on the run, tossed 35 TD passes and had a two year total of 4563 yards. He's 6-1, 180 from Harrisburg, Pa., and should have a fine future either at quarterback or halfback.

JACK DISNEY, who grew up in these parts, will compete in the California State bike racing championships at Encino Velodrom this Saturday and Sunday.

Letters To

Dear Editor:
Heard the other day that the "rattlesnake season" is upon us, along with the suggestion that the children should now stay away from the Monastery and other immediate foothill areas. In discussing this with our children, Jerry and I found that while they knew we had a "snakebite kit" in the house (given out by the Sierra Madre Search and Rescue Team in a First Aid class), they actually didn't know what to do in such an emergency - nor did we know quite the right thing to suggest they do at their ages (8 and 9).

Perhaps the Sierra Madre News could perform a public service in letting citizens know what authorities such as the Police Department and the Search and Rescue Team recommend that children should do if they see a rattlesnake and if they or a companion should unfortunately be bitten.

I recall hearing a member of the Search and Rescue Team say at a public service program that we in Sierra Madre have been sadly negligent in teaching our city's children to use and enjoy the foothill area safely. Through various educational efforts our children seem to be very knowledgeable about fire hazards in the foothills, but know almost nothing about personal safety. Perhaps the Recreation Department and/or the Sierra Madre Search and Rescue Team could consider some sort of an educational program for younger children which would teach them to appreciate the natural recreational resources we are so fortunate to have at our city's doorstep.

Mexican Festival Cruises

from LOS ANGELES on the
big ship STATENDAM

Holland-America Line has scheduled eight short sweet cruises from Los Angeles. The price is easy and the trip is perfectly balanced to give you the right time in the right ports and just enough sun and sea in between.

The first cruise sails December 6, 1968 for 9 Days and calls at Manzanillo and Acapulco. Rates range from \$370 to \$910 with No Tipping.

There are also seven 11-day cruises calling at Mazatlan, Manzanillo and Acapulco at rates from \$450 to \$1110 with No Tipping. Two cruises sail in 1968 on December 16 and December 28 and five more cruises leave in 1969 on January 9 and 21, February 3, and March 17 and 29.

The s.s. Statendam serves as your resort hotel throughout the cruise. No need to bother with baggage transfers.

SAFETY INFORMATION: The s.s. Statendam, registered in The Netherlands, substantially meets International Safety Standards for new ships developed in 1960.

B of A To Inaugurate Loan Program For Blighted Areas

Bank of America will strive to advance up to \$100 million for real estate loans in minority areas throughout California. Rudolph A. Peterson, president, announced recently. The bank president stressed that only after experience could the bank anticipate when the goal would be reached. Peterson said he was hopeful however that well over \$10 million could be loaned by the end of the year.

Peterson said the funds will be available in Watts, Hunters Point-Bayview and Monrovia areas classified by the Federal Housing Administration as "riot-prone and blighted."

In addition, Peterson said, the bank will utilize a special force of lending officers who will interpret credit data in light of minority problems.

The bank, he noted, will also revamp its minimum standards for homes to make a wider range of homes eligible for financing in the target areas. "This is not a hand-out

or a welfare program," Peterson stressed.

Under the program, funds may be used to construct, buy or improve 1 to 4-family dwellings; mortgages will be available on approved FHA and VA terms, and will be guaranteed or insured by either agency. Homes must be sound and meet municipal health standards.

Peterson said that "the emphasis in this program will be to foster home ownership and to fill the need for funds for single-family dwellings in minority areas. The bank's program will be carried out under a re-interpreted minimum collateral requirement designed to make mortgages available for many small homes in rural outskirts and in the cores of California cities," he said.

The new minimum requirement will be two bedrooms, one bath and 750 square feet. Previously, it was three bedrooms, 1½ baths, and 1,000 square feet.

Winners of the events held in August, which are for 2 man and 4 man crews, will go on to the Olympics in Mexico City in October of this year. On November Ballot

Property Tax Ceiling With Watson Initiative

County Assessor Phil Watson today opened the campaign to enact a one per cent property tax limit on the November ballot with a blast at what he called "hysterical scare tactics" by the opponents of the measure.

The Los Angeles County Assessor said he had anticipated opposition, but that the "hysterical tone and cynicism of the opponents' statements have been appalling."

"Members of the legislature threaten homeowners with a state property tax at the same time they're voting property tax exemptions for the motion picture industry and trying to figure out a way to exempt inventories for the businessmen," Watson said.

"But I don't think the people are going to be frightened," he continued. "They know from sad experience that the legislature is long on promises of tax relief and awfully short on performance — until they're forced to do something."

Meeting with newsmen for the first time since the initiative qualified on June 27, for the fall election, Watson pointed out that the petition-gathering drive had been as successful in the rural areas as in the major cities of the state. "I think this response indicates the temper of the people and the fact that the property tax, statewide, is the most onerous tax we have," he said.

"When this initiative passes, the legislature will

have to find substitute taxes and can no longer ask people to pay their taxes with broken promises."

The Watson initiative would put a one per cent-of-market-value ceiling on the property tax for property-related services and phase out schools and welfare from the property tax over the next five years. By July 1, 1973, education and welfare would have to be financed completely by the state.

It qualified in only ten weeks with almost 559,000 valid signatures out of more than 750,000 collected.

Principal opposition so far has come from the California Taxpayers Association, which, Watson pointed out, is an organization made up of the major businesses and industries in the state.

Still Openings At Swim Pool

There are still openings for the second session of the Junior Frogman classes at the Sierra Madre Pool. These classes will be held on August 3 and 10 from 8 to 10 a.m. and 5:30 to 7 p.m. The class introduces the use of mask, fins, and snorkel. An ocean check-out trip will be held at the end of the lessons. The fee is \$5. Minimum qualifications are Intermediate Swimmer.

The Junior and Senior Life Saving Classes will start their third session on July 29 to August 16, 8 to 9 a.m. Monday through Friday. The requirements for Junior Life Saving: 12 years or entering seventh grade; Senior Life Saving: 16 years or entering eleventh grade. The fee is \$6 for the three-week Life Saving Course.

If there are any questions, please call the Sierra Madre Swimming Pool, 355-7275, or you may sign up for classes at 621 E. Sierra Madre Blvd.

Letters To the Editor . . .

Dear Editor:
I read the editorial, "Freedom At Any Price," by Dr. Henry V. Witte with great interest and I heartily concur with his plea for an examination of our present welfare system so that the human needs of our society may be met more effectively.

However, Dr. Witte stated that about 60% of the active cases in the Aid to Needy Children and/or Aid to Families with Dependent Children and in the free medical programs are fraudulent. This is a serious allegation and I am left wondering as to the source from which Dr. Witte obtained the figure to make this sweeping indictment. It has been my experience that the professional staff charged with the implementation of the welfare programs expend considerable time and effort to establish and verify the client's right to receive assistance within the framework of the present welfare structure. Admittedly, there are cases of undetected fraud, but I seriously doubt the validity of the 60% fraudulent cases which Dr. Witte alleges.

Secondly, I question Dr. Witte's support of Senator Schmitz Welfare Bill No. 485 which purported to end "government subsidization of illegitimacy." The defeated bill proposed to make illegitimate children other than the first born ineligible for welfare funds while in the natural mother's care. The effect of the bill would penalize not only the mother but the child or children as well. In the long run, society would pay a

high price for this punitive measure because of the intensification of emotional, social, medical, educational problems which economic deprivation produces. The same bill allowed for welfare funds to be paid for such children if placed in a foster home. Dr. Witte feels that foster home placement is the only way to give children a chance to live decent, worthwhile lives. While I do not condone illegitimacy, I believe that there are at least some households in which illegitimate children receive adequate physical and emotional care and that in such cases removal of the child from the home could not be justified.

Furthermore, the foster home proposal for such children is purely unfeasible. Apparently, Senator Schmitz and Dr. Witte are unfamiliar with the severity of foster homes. May I suggest that they contact any of the public or private child-placement agencies to verify the fact that there is extreme difficulty in finding adequate foster homes for those children who are in need of such care because of family situations far more critical than mere illegitimacy.

I would hope that Dr. Witte and Senator Schmitz would give their time and talents to conceiving and implementing more positive programs aimed at prevention of illegitimacy, development of individual potential, and the strengthening of family life rather than the punitive and impractical proposals of Bill No. 485. (Mrs.) Marie McMannon

Utilities Up In Los Angeles Co.

Los Angeles County was notified this week that privately-owned public utility property has been assessed at \$1,308,288,560 in 1968.

This compared to the 1967 total of \$1,301,494,060, a change of \$6,794,500, or 52%, according to the State Board of Equalization, which assesses these properties yearly for local taxation. Sierra Madre should be up same percentage.

The tentative total for the 192 utilities was pegged at \$4.7 billion, a gain of \$45 million over last year.

The Board noted that equalization and lower earnings for many major utilities accounted for minimal changes in some counties.

The Board's value indicators include earnings, stock in debt, depreciation, reproduction costs and historical costs.

Utilities can appeal the assessments during the first two weeks in August. The Board will set a final assessment on August 19.

Dear Editor:

Re: "Freedom At Any Price" in your paper of July 18th.

This is repitive of a squawk we hear so frequently and so justly. Isn't it possible that there is some means by which this can be brought before the voters without waiting to go broke?

Would Charles Martin, attorney, give us an unofficial opinion on this? — R. Ainsworth

Sunday Services Announced By Rev. Armin Hesse

"The Psalm About A Laugh and A Kiss" will be the Rev. Armin Hesse's pulpit message in the 10 o'clock Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. The message will be the eighth in the clergyman's summer series on selected psalms, entitled "Singing Through the Summer."

In the 9 o'clock Sunday school period, Dr. Walter A. Schroder will lead the Youth Bible Study discussion groups, and Mr. Al Duesing the junior high departments. The Sanctuary Adult Bible Class will continue the discussion of issues relevant to the proposed altar and pulpit fellowship between the American Lutheran Church and The Lutheran Church — Missouri Synod.

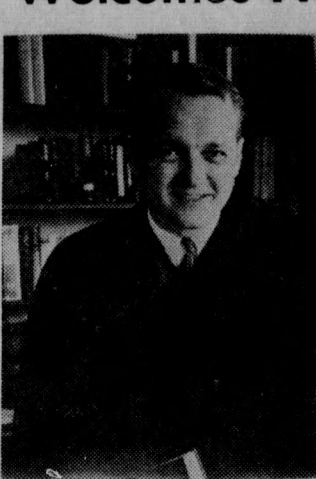

Youth events scheduled for next week include the Waltham League ice skating party on Sunday afternoon, and a softball game on Wednesday night at 6:30. The junior highs of the J-Y Group will meet on Thursday night at 6:30 for a recreational program. The Senior Choir will meet for weekly rehearsal on Thursday evening at 8.

Hastings Ranch Church Welcomes New Pastor

REV. CHAS. A. HAMMOND
New pastor of the Trinity Presbyterian Church of Pasadena

Trinity Presbyterian Church, 3740 Sierra Madre Blvd., Pasadena, Hastings Ranch welcomed its new pastor and family on Sunday morning, July 21, with a brunch and coffee at 9, prior to the morning worship at 10:30 a.m. The new pastor, the Rev. Charles A. Hammond, will preach his first sermon to the Pasadena congregation at that service.

The Rev. Mr. Hammond comes to the Trinity Church after a ministry of four and a half years as pastor of the Pacific Presbyterian Church of Playa del Rey. While at Playa del Rey, Mr. Hammond was the president of the Westchester Ministerial Association, a member of the Board of the Los Angeles Council of Churches, and a member of the board of Community Plans, Inc. While active in community affairs, Mr. Hammond was also the Stated Clerk of the Presbytery of Los Angeles Southwest, the highest administrative responsibilities in the local Presbyterian church organization. He will be received into the Presbytery of San Gabriel at its next meeting.

The pastor-elect returns to his home area in this move. Having graduated from South Pasadena-San Marino High School in 1951, Mr. Hammond graduated from Occidental College in 1955, and after a year at San Francisco Theological Seminary, received his B.D. from Princeton Theological Seminary in 1958. Following his ordination by the Presbytery of Los Angeles in the San Marino Community Church in June of 1958 he served for six years as pastor of the Krentz Creek Presbyterian Church in Hellam, Penna., before coming to Playa del Rey in 1964.

At the morning brunch the pastors' family will also be honored. Mrs. Hammond, the former Barbro Laurell of Malmö, Sweden, will be

Sunday Services Announced By S. A. Church

Dr. William R. Parker will be the guest speaker on July 28 at 9:30 a.m. at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia. The subject of his lecture will be "The Art of Understanding." Dr. Parker, who is professor at the University of Redlands, and author an lecturer, is widely known. "Prayer Therapy," "Prayer Can Change Your Life," and "Man, Animal and Divine" are three of his best sellers. Bring your friends to worship with us in our non-denominational church. Infant and child care is provided during the service.

Graded classes for youth from pre-school through tenth grade will be conducted after a sermonette in the sanctuary. These classes are a vital part of our church. The groups for high school and young adults meet on the first and third Sundays at 7 p.m.

An open class for all women is led by Margaret M. Stevens and held in the sanctuary at 11 a.m. every Thursday. On August 1, however, this class will be at 1:30 p.m. and conducted by Eve Brandes. Please call the church office, 446-8206, for information about other activities of the church.

The 53rd Annual Congress International New Thought Alliance will be held in Denver, Colo., July 28 to August 2. Applications are available for 1968-69 school year at The Ethel Barnhart School from kindergarten through eighth grade. There will be a summer school session from August 19-September 13 from 8:40 a.m. to 12 noon. Inquiries concerning the summer session may be made by calling 446-8206. welcomed along with their two children, Stig 6 years old, and Inga-Lisa, 3. The family shares many ties with the Pasadena area. Mr. Hammond's father, the late Rev. George B. Hammond lived in South Pasadena while chaplain of the Hollywood Presbyterian Hospital, while his mother, Mrs. Norman Taylor taught in the South Pasadena school system after the death of her husband, and just retired this year. The pastor-elect's grandparents, the late Rev. and Mrs. William Gantz, also lived in Pasadena. Mr. Gantz having been pastor of the Highland Park Presbyterian Church and living in Monte Vista Grove Homes from his retirement to his death.

The pastor and his family will live in Hastings Ranch, at 999 Cynthia Ave., after the 15th of the month and Mr. Hammond began his work at the church on Tuesday, July 16. The Trinity church has been without a pastor since the former pastor, the Rev. Donald Ostrander was called to Moraga, Calif., in September of last year.

'Don't Forget' Is Sermon Title For July 28

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Boulevard, will have for his sermon Sunday at 11 a.m. "Don't Forget," in commenting on the sermon Rev. Anderson says:

"Someone has made the observation that the one thing we learn from history is that we don't learn from history. In other words, when we look back across a span of time we see all too clearly that mankind seems to make the same mistakes over and over again. All too often what one generation must learn the hard way each succeeding generation seems to learn it the hard way too. Rare is the person or the nation that can learn through another's difficult experience."

"The book of Deuteronomy," he continues, "in the Old Testament is an attempt to help the Israelites to learn from past experience as they wandered for 40 years in the wilderness because of their refusal to follow God."

"Are you wandering in a wilderness today? Does life have direction and purpose for you? Or are you finding that your spirit is 'dry and dusty' because you can't seem to find meaning and fulfillment?"

He concludes with: "The book of Deuteronomy can redirect your life back into the channels that will lead you to overflow with peace and joy. Attend worship this Sunday and make this discovery for yourself."

Church school and Adult Bible Class is at 9:30 a.m.

Lesson-Sermon Sunday, July 28

"Ye shall know the truth, and the truth shall make you free." These words of Jesus as recorded in the Gospel of John, are part of the Lesson-Sermon titled "Truth" to be read in Christian Science churches this Sunday.

Among related passages to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is this: "We classify disease as error, which nothing but Truth or Mind can heal, and this Mind must be divine, not human."

L.A. County Assessment Level 23.3%

The average assessment level in Los Angeles County is 23.3 per cent of market value, compared to the statewide average of 22.7 per cent, the state's property tax administrative agency disclosed recently.

The preliminary estimate is designed to assist property taxpayers in deciding whether to appeal their assessments, Chairman Richard Nevins of the State Board of Equalization said.

Final percentages of market value will be issued August 23 after assessors have an opportunity to discuss their preliminary ratios with the Board.

Twenty-four counties came within a percentage point of the statewide average, "considered a bullseye on a moving target that dropped from 23.2 to 22.7 per cent this year," Nevins said.

Last year 19 counties came within a percentage point of this objective.

The public announcement of preliminary percentages and the goal of 25 per cent of market value for all locally taxable property by 1971 are part of 1966 assessment reform legislation.

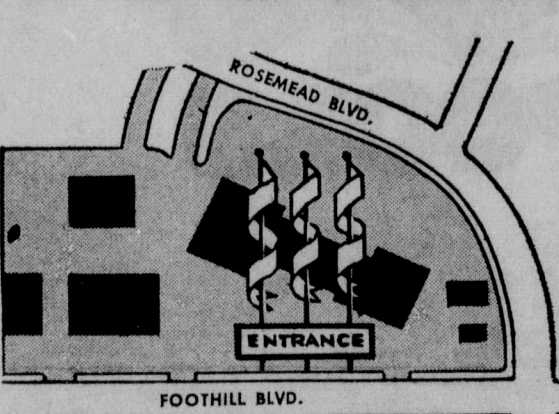

Nevins said the preliminary statewide average dropped slightly, primarily because Los Angeles, which has 38 per cent of all taxable property in California, dropped from 24.7 per cent to 23.3 per cent on the average.

The Los Angeles assessment level was established this year by 1967 Board appraisals of taxable properties. Each county is appraised every third year. Economic indicators are used to estimate assessment percentages between appraisal surveys.

The county averages are a basic factor in \$420 million in school equalization aid and in assessment appeals before local boards of equalization.

He's a real diplomat if he has mastered the art of knowing just how far to go too far.

De Jong Asks Reversal

Taxpayer Suit Asks For Reprimand For Counsel

A reprimand for the county counsel is asked by Hamilton de Jong of Pasadena in countering an attempt by the counsel and the Pasadena Unified School District to prevent de Jong from appealing a judgment against him.

In a motion filed before he left for an annual manufacturers' meeting in the Midwest, de Jong asked the appellate court to reverse a lower court ruling that his suit was "sham and frivolous."

School district bonds are of "substantial interest to taxpayers," de Jong said, because they are redeemed through "inexorable taxes levied on their property for as long as 25 years."

De Jong asked the appeals court to declare his suit an "action in rem" order to "protect the integrity of elections, insure the credibility of statements by high officials and now to prevent unfair legal tactics by large public agencies."

He further asked that the county counsel be enjoined from "further unfair tactics" and "fraudulent omissions in pleadings."

De Jong charged his opponents with "harassment and vindictive tactics." He asserted that these included unnecessary delays followed by a "fatuous" claim of "urgency" after school district voters had turned down by 10,000 votes a new bond proposal covering the same needs as covered by the contested June 1967 bond election.

The de Jong motion charged the county counsel with delays which had the effect of giving de Jong only two days for research after the county counsel had had 25 days for research "among persons who were mainly employees of the schools and could cooperate on 'company time'."

The de Jong motion also reviewed the disappearance of 76 votes between the time of counting and recounting the 1967 election as well as a series of admitted violations of the law by school district employees responsible for conducting the election.

De Jong specifically accused some school officials of lying in various election reports.

Pointing out that "blank, unused ballots in the wrong hands can affect the results of an election" the way blank checks in the wrong hands can affect a bank account, de Jong listed eight specific charges against persons involved in the election, as follows:

"1. Some printed instructions to certain precinct workers were fraudulently and unlawfully changed, allegedly upon the instruction of 'intermediate clerks'."

"2. That in a certain precinct (No. 75) the blank,

unused ballots were not X'd or defaced immediately upon closing of the polls because of illegal instructions."

"3. That Wilbert Fisher, official of the Pasadena Unified District, unlawfully and fraudulently kept a large supply of these ballots in his office (Election Code 14,439)."

"4. That the blank unused ballots (defaced or un-defaced) from each of the precincts were unlawfully separated from other documents (Education Code 14,42-b)."

"5. That these documents were intentionally, fraudulently, and unlawfully destroyed by School officials AFTER their being asked to preserve them. (Elec. Code 17,404; Ed. Code 14,42-b; Cl. Tr. 68)."

"6. That no oral testimony was given about the day Mr. Fisher and others spent before the recount in the vault where the voted ballots were stored. (Cl. Tr. 74)."

"7. No oral testimony was given as to why School Officials deliberately destroyed ballots in order to prevent accounting as required by law (Election Code 14,430)."

"8. Although Plaintiff showed that 'instruments of fraud' were available, and 'places and times' existed in which these instruments of 'fraud' could have been used, the key witness has not as yet been allowed to testify."

Telephone Display At Altadena Fed.

The development of the telephone from a rather simple but revolutionary device to a communications network which embraces the world... this is the story emphasized in a unique display which can be seen at all three offices of Altadena Federal Savings and Loan Association. Arranged through the courtesy of the Pacific Telephone and Telegraph Company, the display features replicas of Alexander Graham Bell's invention of 1876. Instruments of the past, present and future are available for public viewing.

The exhibit, which continues through August 30, also highlights the inauguration of the Association's new "instant action" telephone approach to opening a new savings account, starting a home improvement loan, or obtaining any other Association service. Designated, "Teleservice," the new service, which began July 1, provides yet another way for the Association to better serve the public.

Locally, the telephone display may be viewed at 2246 N. Lake Ave., Altadena; or at 1845 E. Washington Blvd., Pasadena.

OUR FOURTH PROGRESS REPORT

On The Greatest Petition Drive In American History

The First Million Votes Are In—

For Victory In Vietnam

Signed petitions containing more than one million signatures have already been received. Of this total 59,133 petitions, containing 982,275 signatures, have been delivered so far, by Reed A. Benson, National Director of Public Relations of The John Birch Society, to Senators and Congressmen who make up the steadily growing honor roll listed below.

The number of petitions, number of signatures, and date of delivery are given beside each name. The dates are in chronological order. Mr. Benson has issued press releases in connection with each of these deliveries, in which the following points have been emphasized.

"Why fight the Communists in Vietnam, and help them everywhere else?"

"For the United States directly or indirectly to pay bills and supply war materials for both sides of this war is a tragic situation and we are convinced the American people want it stopped."

Whatever the intention may be, the net result of the present policies of the Administration in Washington is to supply our enemies with the means to kill our sons. Our men in Vietnam are dying from the performance of a Communist war machine that is in large part sustained and equipped by our own government. And we believe the American people want this criminal folly to be brought completely to an end.

This massive petition drive was inaugurated, therefore, as a patriotic service, by the weekly news magazine, *The Review Of The News*, which has been steadily bringing out the truth about the tragic horror in Vietnam since it began publication three years ago. The signed petitions, as first received in Belmont, Massachusetts, are carefully studied and checked and tabulated. They are then sent on to Washington, where this whole procedure is independently repeated. The count of both the petitions and the signatures in any batch is then notarized. And only after all reasonable precautions have been taken to ensure the *bona fide* quality of the signatures is any lot of petitions submitted to members of the Congress.

From every country crossroads and every city Main Street in America, these petitions against aid to our Communist enemies are pouring in to our offices in Belmont. Many famous names, among those of less known but equally patriotic citizens, are found on the petitions received. They are signed by bakers and bankers and barbers; by cooks and carpenters and captains of industry; by waitresses and debutantes and airline hostesses and housewives; by farmers and fishermen and factory workers, and factory foremen and factory owners and all the wonderful kinds of people that constitute any true cross section of America. And all of this is still just the beginning of a mighty wave of protest, rising like a conflagration from the grass roots of our country. The emphatic nature of that protest is made clear by the petition itself, of which a full copy is printed below.

The Review Of The News is an affiliated publication of The John Birch Society. Despite all of the smog created about us by leftwing influences in the press, on the air, and sometimes even in the pulpit, there is a solidly favorable attitude towards the Society and its patriotic endeavors, on the part of a preponderant majority of the American people. This has been clearly revealed by the friendly reactions of individuals and of families, when approached for signatures on these petitions, as well as by the growing success of the campaign as a whole. And when anybody does express surprise that this campaign is a project of the Society, we ask them, as we now ask you, gentle reader, to answer in all honesty: Just where else in America could you find any group, except *The John Birch Society*, with the organization, the dedication, and the ability to do this nationwide job?

Getting these hundred . . . thousands of signatures requires a tremendous amount of work by a lot of very good Americans. Many of them are members of the TRAIN Committees (To Restore American Independence Now), and of other organizations. Their support is deeply appreciated. Many of them are simply good citizens, and good friends of the Society who—for whatever reasons—have not yet formally joined our ranks. We are grateful for their assistance. But basically this work is carried on, and inspired in others, by members of The John Birch Society. And we ask *your* help in this huge undertaking to restore some common sense to a foreign policy which now reads like something out of *Alice In Wonderland*, or out of George Orwell's 1984. For otherwise "1984" could be just around the corner.

For documentation of statements in this Report, see The Truth About Vietnam, More Truth About Vietnam, and While Brave Men Die. Individual copies of these pamphlets may be purchased at any American Opinion bookstore, or they may be ordered from us by mail, in assortments, at five copies for one dollar, postage paid. Additional copies of this report itself, with an explanatory message on the back, may be ordered by mail at ten copies for \$1.00, one hundred copies for \$8.00, or one thousand copies for \$70.00. We quote prices throughout, partly for the convenience of our readers. But it is also because we really mean business in opposing the Communist advance, and somebody has to pay the bills.

THE REVIEW OF THE NEWS, BELMONT, MASSACHUSETTS 02178

(Cut along this line)

A Petition To

THE CONGRESS OF THE UNITED STATES

We respectfully urge every Senator, every member of the House of Representatives, and both the Senate and the House as a whole, to exert their authority and use their influence in all honorable ways for the following purpose:

To have this Administration stop, promptly and completely, giving aid in any form, directly or indirectly, to our Communist enemies.

In support of this petition we submit the considerations listed below. The examples and the documentation given to substantiate these statements are only tiny fragments, by way of illustration, of those that are available.

1. We are at war.

Our President himself has said "this is war." In actual fact, when measured as to costs, as to the number of our men engaged in the combat area, and as to the current rate of casualties, it is already the third largest war in American history—and is steadily getting larger. (See article by Clayton Fritchey, Boston Globe, October 12, 1966.)

2. Our enemy is the total Communist bloc of nations.

Our Congress has not declared war against any nation. No nation has declared war on us. But the fighting is taking place between North Vietnam and the United States. The officials of Soviet Russia and of one Communist regime after another have repeatedly declared their complete solidarity with North Vietnam. So that, for all practical purposes, we are at war in Southeast Asia with Soviet Russia and its satellites all over the world. (See World Marxist Review, November, 1965; U.S. News and World Report, January 30, 1967; Congressional Record—House, October 17, 1966, Pages 26087-26091.)

3. At least eighty percent of the sinews of war are being provided North Vietnam by Soviet Russia and its European satellites.

Please Note

Cut off this whole petition along the line above. Then fold it in any way that is most convenient for yourself.

Do not sign this petition if you have already signed any petition against aid to Communist nations which has been issued by *The Review Of The News* in any form.

Additional copies of this petition, in the usual form of a four-page flyer, may be obtained in any quantity, from any American Opinion bookstore, or postpaid from *The Review Of The News*, Belmont, Massachusetts 02178, at 50 copies for \$1.00.

We already have over a million signatures on these petitions. If you agree with their theme and purpose, please sign this one and get others to do so. When each petition is full of signatures, mail it at once to *The Review Of The News* at the above address. The arriving, signed petitions are sorted, combined for greatest effectiveness, and then delivered—promptly, personally, and politely—to those offices of Senate and House members where we believe they will do the most good.

Of the million signatures obtained so far, petitions bearing 982,275 signatures have already been delivered to the Senators and Congressmen listed in our published Fourth Progress Report. From this beginning as a base we hope and expect to receive and deliver enough petitions, bearing enough millions of signatures, for so powerful a protest from an aroused public to make continued massive aid to Communist nations an untenable position, or procedure, for this or any other Administration.

We ask every patriotic American who reads these lines to do his part. If, besides obtaining signatures, you would like to help us put this advertisement in more newspapers, send a contribution for that purpose to *The Review Of The News*. You will receive a receipt at once, and eventually all contributors will receive an accounting of how their money was spent. But otherwise no record will be kept of the name of any signer of these petitions, for any follow up with other material, or for any other purpose.

Copyright 1968 by *The Review Of The News*. Neither this petition, nor the advertisement in which it appears, may be reproduced in whole or in part, by anybody or in any form, without specific written permission of the copyright owner.

On May 24, 1965, Premier Pham Van Dong of North Vietnam said: "We shall defeat the Americans with Soviet weapons." (See National Guardian, January 28, 1967.) It was not an idle boast. Our Air Force Chief of Staff has called the Communist defenses in North Vietnam "the greatest concentration of anti-aircraft weapons that has ever been known in the history of defense of any town or any area in the world." These installations, and the training and supervision to make them effective, have been provided by Soviet Russia. (See New York Times Magazine, October 16, 1966.)

"The North Vietnamese war machine runs almost entirely on Russian oil. In the past eighteen months the Russians shipped in 300,000 tons. The Chinese provided almost none. Last month alone, the Soviets shipped nearly 25,000 metric tons of gasoline and oil into Haiphong." (See U.S. News and World Report, January 30, 1967, Page 28.) During the last months of 1966 the Soviet Union shipped one hundred new MIG jet fighters to Hanoi, thus doubling the size of North Vietnam's air force. (See New York Times, December 13, 1966.) A full list of similar items would be almost endless.

4. This help to North Vietnam has been made possible almost entirely by our help to the Soviet Union and its satellites.

On October 7, 1966, a speech by the President to the National Conference of Editorial Writers included the following statements:

"We intend to press for legislative authority to negotiate trade agreements which could extend most-favored-nation tariff treatment to European Communist states. (The emphasis is ours.) And today I am announcing the following steps:

"We will reduce export controls on East-West trade with respect to hundreds of non-strategic items.

"I have just today signed a determination that will allow the Export-Import Bank to guarantee commercial credits to four additional Eastern European countries—Poland (emphasis ours) and Hungary, Bulgaria and Czechoslovakia . . .

"The Secretary of State is now reviewing the possibility of easing the burden of Polish debts to the United States . . .

"The Export-Import Bank is prepared to finance exports for the Soviet-Italian Fiat auto plant . . ."

This was not mere oratory. With regard to just one part of such comprehensive assistance to our enemies (who have vowed to bury us), the *New York Times* reported, one week later, on October 13:

"The United States put into effect today one of President Johnson's proposals for stimulating East-West trade by removing restrictions

on the export of more than four hundred commodities to the Soviet Union and Eastern Europe . . .

"Poland and Rumania have been given special treatment, and in general, the result of today's measure will be to extend such treatment to the Soviet Union, Hungary, Bulgaria, Czechoslovakia, Albania, and Mongolia.

"Among the categories from which items have been selected for export relaxation are vegetables, cereals, fodder, hides, crude and manufactured rubber, pulp and waste paper, textiles and textile fibers, crude fertilizers, metal ores and scrap, petroleum (our emphasis), gas and derivatives, chemical compounds and products, dyes, medicines, fireworks, detergents, plastic materials, metal products and machinery, and scientific and professional instruments."

And two weeks later, on October 27, 1966, the *Times* informed us that "The Soviet Union and its allies agreed at the conference of their leaders in Moscow last week to grant North Vietnam assistance in material and money amounting to about one billion dollars. . . . Poland's contribution will be thirty million dollars, it was said. . . ." The Soviets had correctly interpreted all of this contemplated additional trade with the United States as simply a subterfuge for aid to themselves—through loans by the Export-Import Bank, the repeated scaling down or cancellation of previous loans of all kinds, and a general subsidization in the usual wide variety of forms. And they were quick to show their appreciation by promising to pass on to our enemies in North Vietnam this additional help which our aid to themselves would make possible.

Again this is but a sample. We believe that with adequate space it could be demonstrated that many of these Communist regimes would not even be able to maintain themselves in power, and much less to do their part in sustaining worldwide Communist aggression, but for the constant transfusion into their systems of economic aid from the United States. (See continuous information on this subject in various issues of *The Review Of The News* throughout 1966.) Yet hundreds of our boys are now being killed in Vietnam every week, supposedly to prevent the aggression and advance of this Communist octopus.

5. And "none dare call it treason."

At least, we do not, because we are in no position to identify the traitors. But the Constitution of the United States clearly does. (Article III, Section 3.) And regardless of the wide variety of specious excuses and deceptive doubletalk which are advanced to justify such criminal folly (or worse), we urge that this constant flow of "aid and comfort" to our mortal enemies be cut off completely, and at once.

Respectfully but emphatically,
